Virtually unlimited magnitude & complexity

The Cyclone is the ultimate advanced multi-axis production filament winder... so expansive the possibilities are only limited by the imagination.  
Let us make your vision... a reality!

- 3 to 4-axes of unmatched computer controlled motion
- 1, 2 or 3 spindle configurations
- All digital servo technology for ease of operation
- Modular horizontal carriage bed (3 m increments)

Machine controls – McClean Anderson's user-friendly, powerful Windows® based Flexwind

Software – McClean Anderson's composite designer pattern development software (designs and models complex filament wound structures)
