Raptor

large scale, heavy duty, custom winder

The Raptor is custom designed just for you!

This winder is for large scale, heavy weight
multi-axis filament winding...

Let's design your Raptor... a cost-effective,
innovative solution to your large scale
production needs!

- 2 to 4-axes of unmatched computer controlled motion
- Single spindle configurations
- Large diameter parts
- All digital servo technology for ease of operation
- Modular horizontal carriage bed (3m increments)

Machine controls –
McCLean Anderson's
user-friendly, powerful
Windows® based Flexwind

Software –
McCLean Anderson's
composite designer
pattern development software
(designs and models complex
filament wound structures)
