tough, dependable & affordable

# TITAN

You spoke.... we listened

It's here! The mighty Titan –  
an affordable, dependable  
workhorse designed  
specifically for the  
pipe market.

- 2 to 4-axes of computer controlled motion
- Standard configuration; 1-spindle, 2-axis
- Can be configured for multiple spindles
- Modular horizontal carriage bed for future expansion
- Can accommodate various part geometries

Machine controls – McClean Anderson's user-friendly Flexwind

Software – McClean Anderson's composite designer pattern development software (designs and models complex filament wound structures)
